# SUBSIDY BILL **CLOSELY WATCHED**

Officials Apprehensive of Influence of Foreign Steamship Lobby.

SOME PREDICTIONS MADE.

One is That in Two Years no American steam Vessel Will be in Foreign Trade if Bill Fails.

special Correspondence. Washington, D. C., March 12 .- No seeret is made of the fact that the war and navy departments are closely watching the fate of the ship subsidy bill, and are apprehensive lest the foreign steamship lobby, which, largely through free transportation to Europe and elsewhere, it is said, is exerting such a powerful influence on the press and public men to crush the remnant of our once world-famed merchant navy, shall succed and the American navy, shall succed and the American figuratery disappear from foreign waters. It is a matter of cold-blooded business with these departments. The department of commerce and labor favors the bill because its passage will increase our commerce, which is the special charge of that department. The special charge of that department. The cause it means the establishment of new mail lines and the expediting of our mails. The department of agriculture favors it as opening new markets for our farm products, and the treasury department because increased commerce means increased receipts at the customs house. In short, the departments of justice and of the interior are the only ones not directly interested and not therefore heartily in support of the bill. But no such considerations actuate the departments of the navy and war. The Chinese situation is giving them genuine concern, and the part America will play in the next war in the far east is the subject of speculation by the entire civilized world. Postpone that war two years and let the ship subsidy bill fail and America will cut a sorry figure, say those most familiar with the situation.

If THE BILL DOESN'T PASS. navy, shall succed and the American

IF THE BILL DOESN'T PASS.

"There will not be an ocean-going merchant steam vessel in the foreign trade and flying the American flag on the Pacific coast in two years if the ship subsidy bill is not passed, and quickly," said an American shipowner, business with the war departhere on business with the war depart-ment. The general staff of the army ment. The general staff of the army made a careful investigation of the subject and in a comprehensive report detailed the possible needs of army transports. The general board of the navy, of which Admiral Dewey is president, did likewise and both have endorsed prescribed by any preposition. president, did likewise and proposition that will give America ships. Their representations appealed to the senate and doubtless will to the house for in face of the demands of patriotism not face of the demands of patriotism have even the subsidized agents of foreign lines can honestly believe that they can succeed in defeating this measure. But if they do what will be the situa-tion on the Pacinic? Japan is reaching out after ships, anywhere, everywhere. The Japanese merchant marine is the most completely subsidized in the world. The government gives bountles of from \$8 to \$12 per ton for every cean vessel built in Japan. When in operation it subsidizes them for every 100 miles. And this with a teeming population just recovering from an exhausting war and the cheapest of labor. As a result, Japanese shipping increased from 150,000 tons in 1890 to 820,000 in 1994. It has now affoat in foreign commerce more steamships than the United States. Incidentally do the two facts appear related?—its foreign commerce has expanded from \$117,000,000 in 1894 to \$342,000,000 in 1904. These facts are of absorbing interest in connection with the situation in the orient. Few doubt that Japan will some day proclaim-a soft of a "Monroe doctrine" for China and that China will be the china and that China will accept it. Japan has already driven Russia back and grace-fully absorbed Korea, which it is now. anaconda-like, digesting. Now the Japanese are bidding for what few Japanese are bidding for what lew ocean-going vessels America has on the Pacific coast. It is not denied that it has options on our line to Australia and no secret is made by the owners that if the subsidy bill fails they will sell.

JAPANESE HAVE OPTIONS.

It is generally believed the Janapese have options on the Pacific Mail steamers: in any event they have bid for them also. Now the owners of the line from Puget Sound to Hawaii declare they will be compelled to withdraw their ships if the bill is beaten. That will leave the Pacific coast depuded of eave the Pacific coast denuded of American vessels, and in case of trou-

# Rheumatic

"I have suffered terribly with rheumatism. I took Dr. Miles' Anti-Pain Pills and they gave me great relief. I have spells of ter-rible relief. rible pains in my ribs, and in the small of my back, and the Anti-Pain Pills help me right away. I am now well of the rheumatism and think Anti-Pain Pills done me more good than all the other medi-I first heard of them through the following circumstance that happened at our home two years ago. A friend, Mrs. Brown, of Orion, Mich., came to visit us. She had not been able to dress herself or comb her own hair for months. A friend of ours came n and seeing her suffering offered ter some Dr. Miles' Anti-Pain Pills. She laughed at the idea of relief from such a source after doctoring for so long, but took one one of the tablets with the remark that it would at least do her no harm. She took another that evening, and the next morning she was so elated that she went to the druggist's and got a package and took them home with her. cently she was here again, and told us that she continued taking the pills, and that one box cured her, and she has not had a symptom of rheumatism since."

332 Third St., Detroit, Mich. Dr. Miles' Anti-Pain Pilis are sold by your drugglat, who will quarantee that the first package will benefit. If it falls, he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind

ble in China or the Philippines, where will the navy get its colliers and the army its transports? This is what is now giving the officials of these departments concern. Those who scout the suggestion of an American merchant marine, take the ground that if English, French, German and Japanese subsidized ships, will carry our commerce cheaper than Americans can, let them do so and pocket the money. But what the war and navy departments want to know is whether in case of trouble in the Far East, the Germans, Japanese, French and English will be kind enough to transport our troops kind enough to transport our troops

kind enough to transport our troops and supplies

To an unprejudiced observer it would appear that perhaps the interests of these nations might conflict with ours and their ship owners might find that they had other pressing business to attend to at such a time. Such possibilities are not expected to weigh much with the rabid friends of foreign steam-ship owners who are apparently deter-mined to keep our commerce in the hands of our competitors, but they may be seriously considered by those who have the interests of their country at heart and who do not go on the theory that in time of war, even with our tremendous resources, we can sow a bunch of steel plates at hight and reap an auxiliary navy of fully manned and equipped vessels, the following day,

THE BEST COUGH SYRUP.

S. I. Apple ex-Probate Judge, Ottawa. Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 30c, \$1.00. Sold by Z. C. M. I Drug Dept., 112 and 114 South Main Street.

#### SCIENTIFIC MISCELLANY.

Tea drinking is an acquired habit, and M. Jules Rudolph expresses the belief that it would not be difficult to trasfer our tiking for Chinese tea to any one of various infusions having the same effect in alding digestion and stimulating the nervous system. Some of these infusions of leaves and flowers have been known to us as mediaof these intusions of leaves and flowers have been known to us as medicines. Camomile, veronica, sage, ambrosia, horemint and wintergreen are among the locally well known of many common plants yielding agreeable teas, and Paraguay tea and false tea are already much used in South America. M. Rudolph looks upon Roman camomile as an especially promising tea. mile as an especially promising teasubstitute. He has found the unknown tea of the tarragon to be very pleasant, and it is useful in stomach weakness.

A stereoscopic star chart is the successful novelty of T. E. Heath, the English astronomer. The stars in a given section of the heavens are drawn from two points of view that are supposed to be twenty-six light-years apart, and under a large stereoscope the double, view gives a rough but very instructive impression of the stars floating in space at an approximation to their relative distances, instead of as points against the dark background of the sky. This results is a most interesting one.

The recent classification at the British Patent Office show that cooking is the popular subject of invention, having been the subject of 3,575 British Patents in 48 years, or an average of 73 a years. Umbrellas brought out 1,457 inventions and hats 1,411. Invention tends to run in groves, 1896 and 1897 reflecting the enormous development in cycles while motor vehicle inventions cycles, while motor vehicle inventions have doubled since 1900.

The rare peculiarity known as hae-The rare peculiarity known as haemophily, or "bleading sickness," has
been brought to notice anew by Dr.
Boehme, a German physician. It continues for generation after generation
in certain families, and is characterized by an extraordinary tendency to
hemorrhage, making the extraction of
a tooth a dangerous operation, while
even a pin-prick may lead to severe
or fatal bleeding. The cause seems to
exist in an unexplained failure of the exist in an unexplained failure of the blood to coagulate, like normal blood. The disease has been studied in more than sixty European families, and in the Mampel family has been followed for more than a century. Johan Peter Mampel and wife were not "bleeders." Of their eleven children three sons were affected, and from observations on 212 members of these and subsequent generations of the family a most singular law of heredity is deduced. This law is—that while the disease is the other than the same of practically confined to males, it is never transmitted by these males to their sons, but only by the women-who are normal-to their sons.

The new petroleum fuel reported from Switzerland is in the form of briquettes switzerland is in the form of briquetes containing four parts of petroleum to one part secret material. At fifteen cents per gallon for oil, the cost of each briquette was about 2½ cents, but on a large scale would be much less. Four briquettes under a botter having a heating surface of 460 square feet ig-nited the coal in fifteen minutes, the brquettes themselves burning fort-five minutes. Among the claims made for the fuel is that it may be kept in piles fifty high without breaking or crumbling, escape of liquid, loss of weight, or risk of explosion or spontaneous combustion.

Enormous swarms of butterflies move Enormous swarms of butterflies move along the Amozon and other South American rivers. M. Goeldi, of Para, Brazil, finds that detached masses make detours to visit trees in bloom, but does not explain the general migration. One suggestion is that the great flights are made up of females seeking mimosas as a place of egg-

The slight bitter taste of some but-ter has been traced by Hensold, of the Municipal Laboratory at Dusseldorf, to oxide of iron in the salt, and he urges that preserving salt should be made chemically pure. chemically pure.

The repulsive action of light is shown in a very pretty experiment. An hour glass-shaped glass vessel is partly filled with very fine and light lycopodium spore, and the air is then pumped out to as high a vacuum as is practicable. The spore falls down through the ori-fice of his hour-glass in the usual fice of this hour-glass in the usual way. As the light dust jet falls, an intense beam of light focussed on it intense beam of light focussed on it just below the hole spreads it out into a spray, the lighter particles being repelled most. On comparatively heavy pelled most. On comparatively heavy material, like sand, the light beam could have not effect.

A specimen of the powful elective bells now being made by a London firm for railway use has a gong 19½ inches in diameter and weighing about 150 pounds. The iron clapper is two inches in diameter, making from 100 to 150 strokes per minute. The acting parts are entirely encoised in a water-tight cast-iron box, the pull rod for moving the clapper coming through a packed gland. The current needed three-fourths ampere at 18 volts is supplied by 12 ordinary dry cells.

New smoke-burning appliances con-New smoke-burning appliances continue to use up a considerable share of the world's inventive energy. The promising idea of a Belgian chemist consists in drawing the smoke out of consists in drawing the smoke out of the chimney by an aspirator, and pass-ing it through a filter of coke saturated with petroleum. The filter collects the soot, while the gases passing through are made a combustible by the enrich-ing with petroleum vapor. There is no loss, as the coke of the filler is an ex-cellent fuel. cellent fuel.

For twenty years fishes of many varieties have been kept in aquaria by F. Davis, of London, and his observa-tions have convinced him-contrary to common belief—that fishes sleep, though only in darkness. Artificial

# Stors Any Itching

Doan's Ointment Cures Eczema and Itching Siles .- Salt Lake City People Recommend It.

One application of Doan's Ointment stops any itching. Short treatment. cures eczema, itching piles, salt rheum -any skin eruption of skin itching. It is the cheapest remedy to use, because so little of it is required to bring relief and a cure. Here is Salt Lake City testimony to prove it:

James L. Futchinson, retired, of 357 West Fifth South, says: "I have had attacks of itching hemorrhoids, commonly known as piles, for seven years. In that time I can safely say I have used more than fifty different kinds of salves and ointments and I can also say that any benefit received from them was not permanent. Like a great many other preparations which I noticed advertised I came across Doan's Ointment and with every expectation that it would turn out as all others I had used I went to the F. J. Hill Drug Co's store for a box. Now it is over four months since I stopped using Doan's Ointment and there has not been a return of the old annoyance." For Sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo. New York, sole agents for the United States.

Remember the name-Doan's-and take no other.

There are several grades of that good coal each intended for a certain use. Let us tell you their different qualities and you can get a coal that is entirely satisfactory.

# IN BASKETBALL?

C. A. Disputes Provo's

TEAMS REFUSED TO PLAY. NO DECISION WAS RENDERED.

Gave Title to Provo B. Y. U.

Five. Who is entitled to the state championship in basketball this year? Among one

set of people the Provo B. Y. U. teum has a cinch on the title, but among others their title is only that or the interscholastic championship, and the Y. M. A. is at liberty to pursue its presen course of claiming the title after giving all teams in the state a chance to derend conserves against the Y. M. C. A.

that the Y. M. C. A. intends to make ther the Y. M. C. A. intends to make the come was announced some time ago by raysgat different formal properties, who snorth strength of the latest firm order frow, and the L. D. S. C. at soft has to enter make games to settle the question. These teams, however, has occur the parmess since early in January posying industry a series of reague games and had disbanded on finishing the serie of 60 games to decide the question occampionship.

18 NOW AFTER SEASON.

To ask them to add a game each with the Y. M. C. A and hazard the title upon its outcome, would be like challenging the pennant winner at the end or a one baseful season to play a post-season game with an outsider for the pennant, so the basketballers decisive, and the Provo and L. D. S. U. teams, which this had alread in the league, have both refused to play post season games with the Y. M. C. A. Their reason, as announced, is that the basketball teams have dashauded in order that the men may center their work on the track squad which from now on will be the center of interest.

To play again, the league men argue, would be to hamper their work on the track and to injure their chances in the close contests scheduled through the contests scheduled through spring season,

APOLLOS GET GAME.

The Apollo basketball team, which was The Apollo basketball team, which war not in the league but which made a creditable showing, wants a game with the Y. M. C. A. and now that both Provo and the L. D. S. U. have declined to play, they will have a change to show what they can do. Mr. Burtner stated this morning that he had written the American Fork team accepting their challenge, and suggesting a date for a game. The Ogden Weber Stake Academy has accepted, and the game will be played Saturday evening next in Salt Lake.

WILL ASSUME TITLE.

Following this game or possibly before it. Mr. Burther will issue a chollenge
to all Utah teams, with a clause that unless it is accepted within a limited time
the Y. M. C. A. will assume the champlonship of the state. As Provo is not
likely to concede the right of the Y. M.
C. A. team to do this, in a very big hurry,
there is a prospect of riffles ahead in the
basketball situation.

#### INDOOR MEET

Coach Maddock Lists Events to Bring Out New Men.

An indoor track meet, open to everybody, is to be held at the University gymnasium tomorrow afternoon at 4:30 o'ctock. Its results should give a better line than any so far obtained, on the prospective new material at the 'varsity. So far a number of new men have been giving the veterans a run for place, and if in this meet they succeed in taking firsts, their place as factors in the state meet will be assured.

The large gymnasium floor affords con-

be assured.

The large gymnasium floor affords convenient space for the pulling off of many field and track events, and the list of events scheduled Friday includes six different entries. A large list of men have signified their intention to enter in each event, and hence a good meet is assured. The events will include 10, 20 and 30-yard dashes, hurdles, high and broad jumps, the pole vault and shot put.

#### SPILLS AT ASCOT.

Free Handicap Steeplechase Develops Unlooked for Accidents.

Los Angeles. March 14.—The feature of the races at Ascot today was the free handleap steeplechase for 4-year-olds and upwards, which was won by Cazador, the favorite. There were three spills in the race and Jockey Royce was seriously injured. Weather, clear; track, fast. Results:

Sults:
First race, handicap steeplechase, short course—Cazador, 125 (Sullivan) 9 to 5, won; Dexterity, 125 (Narvaez) 10 to 1, second; Paramount, 125 (Tully) 20 to 1, third. Time—3:05. Marylander also finished; William Parish fell at seventh jump; Kubelik fell at sixth; Atlantico fell at 46th.

William Parish fell at seventh jump; Kubelik fell at sixth; Atlantico fell at fifth.

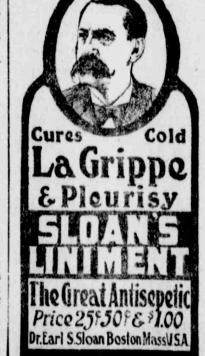

Second race, futurity course-Miss Affable, 102 (Ross) 3 to 2, won; Early Hours, 95 (McDanlel) 5 to 2, second; Dd. Roberts, 110 (Horner) 8 to 1 third. Time-1:104, Red Queen, Chief Aloha, Hirtle, Mazapan, Barrancas. Lizzie Albertine, Miss Croix and Mohur also ran.

Third race one mile-Bill Curtis, 131 (O'Connell) 8 to 5, won; Tangible, 117 (Palms) 7 to 1, second; St. Wilds, 124 (Narvaez) 30 to 1, third, Time-1:42, Sherry Rostof, Courant, Red Damsel and Young Marlow also ran.

Fourth race, six furlongs-Escalante, 164 (Harris) 3 to 5, won; The Major, 164 (Preston) 20 to 1, second; El Otros, 162 (Seder) 29 to 1 third, Time-1:134, Whoa Bill, Firmfoot, Bounte Reg and Youngs-Navarro, 105 (Seder) 14 to 5, won; Lace Allecce, 162 (Fischer) 7 to 1, second; Al lerion, 112 (Bonner) 11 to 10, third, Time-1:15. Blue Bottle, Edwin T. Fryer, Larose and Waphagootis also ran.

Sixth race mile, and fifty vards-Sunray, 102 (Ross) 7 to 20, won; The Ruguent, 105 (Brady) 6 to 1, second; Stoessel, 97 (Battiste) 10 to 1, third, Time-1:4%, Mazonia and Ninnasauaw also ran.

Seventh race futurity course-Lady Kispar, 103 (Horner) 4 to 1, won; Hadny Chappy 102 (Nichels) 7 to 1, second; Betsy, 30 (Ross) even, third, Time-1:10, 8t. Wintfrede Blissful and Rublana also ran. sy, 90 (Ross) even, third. Time-1:10, St Winifrede Blissful and Rubiana also ran

# TERRIBLE TERRY EASY FOR NELSON

Director Burtner of the Y. M. McGovern All But Knocked Out At the End of the Sixth Round.

Say Season is Over and League Series | But This Was Because Philadelphia Law Did Not Allow One-Nelson Unhurt.

> Philadelphia, March 14.-Battling Nelson had the advantage over Terry Mc-Goyern in the six-round bout which took place at the National Athletic club tonight. For the first three rounds the fight was a disappointment to the 5,000 ersons who had paid fancy prices to witness the bout. There were senreely half a dozen solid blows struck, the men wrestling from one end of the ring to the other, with the referee powerless to separate them. It had been agreed that the referee was not to lay Mis hands on the mon, but simply warr them to step back when they rushed to clinch. The repeated warnings had no effect on the fighters, and the crowd bissed, grouned and cried "fake," and take them out of the ring."

#### NELSON USED LEFT.

At the beginning of the fourth the nen began to light as though they meant business. Nelson kept right after McGovused a straight left to advan tage. McGovern frequently countered with hard lefts and rights, but his blows, while they appeared to have great force behind them, failed to make an impression on the sturdy Dane. At the close of the fifth round McGovern went to his corner in distress. When the men came up for the final round, Nelson sent a left to the jaw, and McGovern rushed to a clinch. His seconds cried. "Hold on, Terry; hold on," and never were instructions carried out more thoroughly.

TERRY PROVES A HOLDER. TERRY PROVES A HOLDER.

Every time Nelson would land a stiff blow McGovern would grab him around the body and hang on until Nelson would throw him off by sheer force. It is doubtful if McGovern could have stood the gruelling for another round. There was some rough work in the early rounds, by the Dane. He frequently used his right clow and bored in on McGovern repeatedly with his head. Nelson deserved the decision, but as no decisions are rendered when both men are on their feet, the light is classed as a draw. Neither man was knecked down during the light, but McGovern slipped to the floor in the fifth round while trying to escape from the Dane.

#### BIG ATTENDANCE.

Not in the history of pugilism in this city was there so great a demand for seats as that occasioned by tunight's meeting between Nelson and McGovern. Tickets of admission which had been purchased by speculators at \$10 a piece commanded as much as \$50 each, and \$5 seats sold for \$10 and \$12. When the first preliminary was called at \$30 o'clock there was not a vacant seat, in the building, and scores of persons were standing in the gallery. Seated in the big hall were persons prominent in all walks of life, and there were many who count their wealth by the millions. Among the leading New Yorkers seated close to the ring was Harry Payne Whitney, while John W. Gates and John A. Drake occupied seats only a few feet distant.

FIGHTERS TAKE THEIR TIME.

FIGHTERS TAKE THEIR TIME. Neither Nelson nor McGovern reached the clubhouse until a few minutes before the clubhouse until a few minutes before 10 o'clock. The former came up from his training quarters early in the evening and went to a hotel, where he rested until 8 o'clock. McGovern arrived in the city from New York about 2 o'clock and went to the Scott House, where he remained until summoned to the ringside. Both men were trained to the hour and wers as fit as their trainers could possibly make them. Former pugilistic celebrities and persons who have been identified with the ring for years witnessed the battle. Seated about the ring were Tom Sharkey, Jack McAuliffe, George Considue, Tom O'Rourke, Paddy Roche and Mark Mayer.

#### UNDER 133 POUNDS.

The men were to fight at 133 pounds, and were to receive 75 per cent of the receipts. There was considerable betting on the bout, with Nelson a slight favorite. McGovern money was plentiful and his admirers did not hesitate to back the Brocklyn boy.

McGovern entered the ring at 10:05. He was given a tremendous ovation. His seconds were Hughey McGovern, Joe Humphrey. John Burdick. Sam Harris and Terry Lee.

Nelson came on at about the same time. He was followed by his manager. Billy Noian, Kid Abell. Eddie Kelly and Johnny Loftus, his seconds.

ofters, his seconds.

The cheering for the Dane had scarceceased when the scales were brought
to the ring. Their exact weights were
of announced, but both were under 123

pounds.

After a dashlight picture had been taken
of the two men the referee called the men
to the center of the ring and gave them
astructions. A moment later the fight was

#### FIGHT BY ROUNDS. Nothing Happened Until the Fourth But Hisses.

First Round—Nelson missed a left and both clinched, it was twenty seconds before they separated. The crowd hissed and Nelson led with left to head. They again clinched and the referee warned McGovern for holding. There was autother clinch and McGovern sent a hard left to the head. They were clinched at the bell and as they went to their corners there was nothing but hisses.

GROANS AND HISSES. GROANS AND HISSES.

Second Round—McGovern missed a left for the wind and they again began to wrestle. McGovern landed left to the wind and left to the head. They rushed to a clinch and then McGovern drove a right to the head which jarred the Battler. Nelson was cautioned for using his shoulder. Nelson missed a straight left and again they clinched. The men did not move six feet from the center of the ring and they were still clinching at the bell. Groans and hisses greeted the men as they went to their corners.

McGOVERN TRIES A LEAD. Third Round-McGovern tried the left to the wind twice, but was blocked in both attempts. They clinched, and the referee could not get them to break. Nelson drove two lefts to the face and there was the same old clinch. McGovern drove a left to the jaw and missed a hard right. McGovern uppersut with a hard right and then sent a right to the jaw. Nelson sent a left to the head and ducked a vicious left. Nelson sent another left to the face and the men were clinched at the gong.

NELSON TAKES THE LEAD. NELSON TAKES THE LEAD.

Fourth Round—McGovern swing wildity with his right, but drove a hard left
to the wind. Nelson sent a left to the
face and they clinched and wrestled
across the ring. Nelson pounded McGovern over his kidneys in the clinch. Nelson sent a light left to the face and McGovern missed a swing for the jaw. Nelson was growing stronger while McGovern seemed to be weakening. Nelson sent
a hard left and a right to the jaw and
McGovern was weak as he went to his
corner.

the gong.

TERRY WOBBLY.

Fifth Round-McGovern sent a left to the head and Nelson squartered with a left to the wind. Nelson sent a light left to the stomach. McGovern rushed to a clinch and refused to break when ordered by the referee. McGovern sent three lefts to the face, but the blews did not have any apparent effect on Nelson. When they broke Nelson drove a terrific right

An Intimate Friend Every

Day of Every Member of

a Well Raised Family.

HUSLER'S FLOUR

to McGovern's law, which made the Brooklyn boy wobbly. They elinched and as they broke away the bell rung. NELSON'S FIGHT.

Sixth Round-Nelson missed a right swing and they rushed to a clinch Mc-Govern missed a right for the wind and then sent a right ignerical to the wind. Nelson sent a light left to the face and then missed a terrific right for McGovern's chin. Nelson drove McGovern into a neutral corner and landed two hard a book to the wind. McGovern was almost out when the gong sounded. It was Nelson's light.

#### GROVES WAS EASY.

In a scheduled 20-round fight at Pecatello last night Ed Taro sent Klem Greves out of commission in three rounds. Tare was out of a class with Greves from the start and floored him in the first round, jarring him badly in the second. TAME FIGHT.

Baltimore, Md., March B.-At the end of a very tame fight of fifteen rounds here tonight before the Eureka A. C., Jack Johnson of California was award-ed the decision over Joe Jeanette of New York.

THREE CORNERED MEET

High School, Preps. and Y. M. C. A. Will Contest May 19th.

While Coach Maddock and his biggest braves are away in Boulder it is probable that Cammibgs field will witness an encounter which local enthusiasts may witness with a great deal of enthusiassm. It will be in the nature of a frack and field meet in which the preps of the University, the Sait Lake High School, and the local Y. M. C. A. will participate. The date will be May 19, if present plans materialize, and this will follow the High School state track meet by one week, and School state track meet by one week, and the University state meet by two weeks. The decision to make this a three-councred meet was arrived at after the High School and the preps had reached a conclusion that there was no open date on which they could hold a dual meet.

#### BIG BILLIARDS

Hight Runs Mark Opening Game of Chicago Tourney.

Chicago, March 14.—The first game in the amateur billiard tournament today was won by Wright of San Francisco from Norris of New York, Wright scoring 300 to Norris 179, Wright made the high run of the tournament as far as it has progressed. He scored 111 in his third innings which eclipses by 33 points the highest run of last year. The other high runs made by Wright were 45, 25, 32 and 25. He held the lead from the opening of the game and the result was never in doubt. Norris made a high run of 31 and his ther high runs were 29 and 19.

Total High Run, Average Edward W. Gardner of Passaic, N. J., scopt up his record for consistent playing in the second game today, defeating Cal-yin Demarest, the young Chicago player. Summary:

Total, High Run, Average Gardner .......300 47 11 4-26 Demarest ......235 83 9 1-26 Total, High Run, Average
